

### **Response to Office Action**

This relates to Application/Control number 10/605,663, Bookstand that Folds Thin Enough to Serve as a Bookmark filed October 16, 2003.

It is in response to office action dated June 12, 2004.

In talking to the examiner Gwendolyn Baxter, it was clearly pointed out to me that I needed to put numbers into the diagrams that referred to the elements of the diagram. Therefore I have added numbers inside the 9 diagrams, and referred to the numbers in my disclosure.

Below is the full disclosure, where paragraphs 5 to 13 are replaced with new paragraphs THAT refer to the item numbers within the diagrams, and include a description of what those ITEMS numbers refer to. Here is the fully disclosure that includes the updated paragraphs 5 to 13,
